FOR GOVERNOR,

ELIJAH L. HAMLIN.

☞*The Washington Union is out against GEN. TAYLOR because he is pledged to yield his assent to the doctrines of the Wilmot Proviso, and is pledged not to resort to the Presidential Veto against it, if the people shall constitute a Congress that shall enact those doctrines into a law.*

☞*"I do not desire the presidency, and only consent to be a candidate in the same proportion in which it is desired by the people irrespective of party; and he that cannot be trusted without pledges, cannot be trusted with them. ZACHARY TAYLOR.

☞*"If the enemy oppose my march, in whatever numbers, I shall fight him."—GEN. TAYLOR at the battle of Palo Alto.*

"Keep it Before the People."

At the Utica convention of Barnburners that met in February last, the following resolution was reported by a committee of which JOHN VAN BUREN WAS A MEMBER, and unanimously adopted:

Resolved, That Gen. ZACHARY TAYLOR *by his masterly correspondence* with the War Department no less than be his heroic conduct and indomitable coolness and courage on the field of battle has shown himself to be not only a distinguished military chieftain, but *a man of great mental and moral power*, and whose life has given evidence of a *strong head, an honest heart, and a Republican simplicity of character.*

The Steamer "State of Maine."

This splendid steamer, built expressly for the route between this city and Portland there to connect with the Rail Road, under the command of Capt. Samuel H. Howes, for many years the highly popular commander of steam boats on this route, and who is now again in command of a boat, which is the delight of all who visit her, arrived at this city yesterday morning from N York. We have not at this writing, had an opportunity to visit the boat and cannot speak, at present, from our own knowledge, but a friend, who came in the boat from New York, and in whose judgment we can rely and whose conclusions we can safely adopt has furnished us with the following statement of fact and opinion, which we adopt with great confidence.

The steamer State of Maine—This splendid steamer left New York at a quarter before 5 P. M. on the 3d instant, on her first trip to Bangor between which place and Portland she will hereafter regularly ply. She arrived at Boston at a quarter before 3 P. M., on the following day having accomplished the distance, including some unavoidable detentions, in the short space of twenty two hours, a remarkably good passage, considering the disadvantages always attendant on a first voyage. The length of the deck is 248 feet, breadth of beam 32 feet, measurement 840 tons. She is capable of accommodating between 300 and 400 persons, and is furnished and equipped with great taste and elegance. She was built in New York by Messrs Bishop & Simonson, ship carpenters, and Mr Charles M Simonson, ship joiner, her machinery was made by Mr Joseph E. Coffee, of New York, and her furniture by Mr. John De Forrest, of the same place. Capt Howes was assisted in the superintendence other construction by Capt. J. H. Vanderbilt, who made some valuable suggestions, in reference to her general plan and design. She is commanded by Capt S. H. Howes, who is well known to the travelling community as a courteous and obliging gentleman, and an experienced and skillful commander. It affords us much pleasure to see him occupying the position which he now holds, a position which he has attained in spite of every obstacle, by the exercise of his own energy and self reliance, and which no one could fill with higher credit to himself or greater satisfaction to the public. The domestic arrangements of the vessel are under the superintendance of Mr Hinman formerly of the "Isaac Newton," whose attention to the comfort of his guests will be readily and gratefully acknowledged by all who may have the good fortune to become partakers of his bounties.

The average speed of the State of Maine may be stated at 15 miles per hour. She made the distance between Boston and Cape Ann in two hours and six minutes, which is the quickest passage on record between these points. In anticipation of any emergency, she is furnished with a fire engine to which is attached 200 feet of hose and five of Francis' Life Boats, capable of carrying in all 250 persons.

We congratulate our fellow citizens with honest pride, on the possession of this splendid vessel, and cannot doubt that she will receive the patronage which her merits justly deserve.

Since the foregoing was put in type we have examined the boat, and while we feel somewhat surprised at the moderation shown by the above description, we fear to use the language which suggests itself to our mind lest it should be thought the mere outpouring of an excited imagination after reading some description of more than Eastern magnificence. Indeed, perhaps the best idea which we can give to our readers of the size, beauty, adaptation and furnishing of this steamboat, will be to ask each of them to imagine that Capt. Howes, after a dozen years acquaintance with the Bangor people and experience in navigating our coast and river had set himself about getting up without figuring up the cost, just such a boat as the people here cannot but admire, exactly fitted for the route, and with every means of safety which the tenderest regard for the life of his own wife and children would suggest, and with a capacity of speed equal to the hurrying propensities of the age; and with a architectural beauty which cannot fail to more than meet the highest expectation.

Such a boat it seems to us is the new steamer the "State of Maine." Those who would realize such an ideal should take passage to-day at eight o'clock A. M., on the excursion to Thomaston.

The following correspondence between a committee of passengers from New York and Capt [illegible] will [illegible] is highly honorable to all parties and we publish it with great pleasure.

It must sincere belief that this vessel, in strength and comfort and adaptation to all its purposes, has never been surpassed by any boat that ever left the harbor of New York.

We trust that the public will soon learn that these sentiments are not dictated by flattery but prompted by honesty and truth.

GENTLEMEN: I have the sincere pleasure in acknowledging the compliment presented by you in behalf of the passengers from New York and take the opportunity in returning my thanks for the same to express the great pleasure your Company has afforded me. I can only hope that your kind wishes in behalf of myself and the Steamer I have the honor to command may be fully realized. Wishing you a safe return and health and happiness, I am with much respect

To Messrs Gordon Winslow, D. C. Freeman and others, Committee &c.

☞We mentioned in our paper yesterday that a son of Frank Esgot this city was accidentally shot in the leg on the morning of the Fourth of July while a few boys were engaged firing a small cannon. The wound, though painful, yet only a flesh wound, was not thought to be dangerous but on Wednesday evening the boy died.

The name of the boy is Howard Malcomb Trask, aged eleven years. He lived in our neighborhood and wherever known he was confided in and beloved. He sustained the reputation of being the best boy in the neighborhood and his sudden departure to the spirit world has filled many hearts with sorrow.

We trust that this instance of death from the imprudent use of gunpowder will serve as an effectual warning to all boys against incurring the dangers of the use of gunpowder in any form or for any purpose.

☞On the evening of the fourth there were in the city the Bangor Citizens Brass Band, the East Thomaston Brass Band, the Portland Brass Band and the Belfast Brass Band, embracing in all the highest musical talent in the State. They did themselves signal credit by their performances.—The Portland Band (and we know not but others) gave great satisfaction to many of our citizens by playing near their dwellings during the evening. It would have been highly interesting to have had them all united in a grand concert.

☞We are indebted to John Edwards Esq., editor of the Portland Umpire, who is now on a visit to this city, for the receipt of his paper of the evening of the 5th inst, furnished us yesterday, containing the latest news, in advance of the mail.

Letter of Hon. F. O. J. Smith.

We publish below the letter of the Hon. F. O. J. Smith addressed to the Committee in reply to an invitation to be present at the celebration on the 4th. We hope that all our readers will peruse it carefully—as it presents views at once striking and convincing to every sound and reflecting man. We gave out a paragraph for our paper of yesterday, stating the fact that this letter would appear to day, but by accident or oversight, it did not appear in our columns.

FOREST HOME, near Portland, }
July 3d, 1848. }

GENTLEMEN:

I am in receipt of your invitation to be present and participate with "the friends of General Taylor, in the celebration of the 4th of the current month at Bangor, where they "propose to hold a political festival."

From numerous considerations, could I command circumstances so as to enable me to comply, it would give me the highest satisfaction to join you on the proposed occasion. The bold earnest, unshrinking and manly spirit in which "the friends of Taylor" have borne their flag for months past in this State, and most particularly through all counties east of the Kennebec river, is worthy of the best days of American, or of Roman patriotism, and distinctly marks a new era of the independence of mind over artificial restraints and associations that submit only to the prejudices of party politics.

To rise above prejudices is the first effort of Divinity, and, in politics it is the highest evidence of a patriotic purpose and of an indomitable cause. Of all the beautiful fruits of a most gifted eloquence possessed and exercised through a long life by Henry Clay, that which gushed forth from the depths of his heart's sincerity, when the last great triumph of his political opponents was announced to him, viz. *"I had rather be right, than be President!"* will stand forever invincible in the biography of the man. And so it deserves to stand—or, it was the great utterance of a moment, when friends and enemies, and prejudice of every hue, alike disappeared from his mind and he pondered on it in the glorious worth, and love, of unbought and unsold, and unshackled freedom of thought and action."

"I HAD RATHER BE RIGHT THAN BE PRESIDENT."

GENTLEMEN:—In our common candidate for the Presidency GEN. TAYLOR we have an embodiment of not only the *desire*, but of the purpose, of this memorable utterance of Mr Clay. That purpose is,

"I will be right, if I be President!"

And who else, of all the nominees of parties, or of fractions of parties, now before the people, can indulge, and much less exercise, such a glorious will and glorious purpose, for our great country except the man who has dared in the face of God and the world, to declare, in the face of all the declarations of partizans, and the temptations of proffered compromises, these patriotic and virtuous sentiments.

"I HAVE NO PRIVATE PURPOSES TO ACCOMPLISH—NO PARTY PROJECTS TO BUILD UP—NO ENEMIES TO PUNISH—NOTHING TO SERVE BUT MY COUNTRY."

And again—

"If elected I would not be the mere President of a party.

"I would endeavor to act independent of party domination.

"I should feel bound to administer the government untrammelled by party schemes.

"The veto power should never be exercised except in cases of clear violation of the constitution or manifest haste and want of consideration by Congress."

Upon the subject of the tariff, the currency, and the improvements of our great highways, rivers, lakes, and harbors, the will of the people, as expressed through their Representatives in Congress, ought to be respected and carried out by the Executive.

"I hold up a war as a national calamity to be avoided if compatible with national honor.

"I shall engage in no schemes, no combinations, no intrigues."

If the mould in which was fashioned the character of George Washington has been sullied by Providence to be filled a second time we have the result delineated in the mind and purposes of Zachary Taylor. In this occasion which his deeds of valor, and a monument of great practical truth, and his wish had to sustain piety and heart of benevolence, conjunctive in majestic Breaking down the prejudices of faction, devotes and commanding the homage of a grateful country.

To the old Jackson democrats of '28 and '32, who may be in your assemblage on the 4th, my intercourse is it in the [illegible] in Taylor, I say again, with us and for us all the good qualities that characterized Gen Jackson with out one that in Jackson was deemed object unable by anybody. He is the man for this emergency. It was indomitable will that ought to weigh down all their prejudices, that he was nobly conquered or rather rendered to, the prejudices of the Whig party and it should be the glory of independent democrats everywhere to share in his conquest, by sustaining him cordially in the day of battle.

But as no [illegible] of the class of democratic voters to whom I have alluded, or to any other class, has ever led them to the line when I have deemed them in the right, and not led them when I have deemed them in the wrong, regardless of consequences to myself, I will not now weary or annoy them by any concealment of the fact, that it is better, "by be not where Washington, the elder Adams, Jefferson, Madison and Van Buren, that they have been [illegible] and [illegible]. The [illegible] of these great fundamental principles and purposes of all free government, and [illegible].

Then as Mr. [illegible] to the [illegible]. Van Buren, wrote [illegible] report of [illegible] and [illegible] Wright Van Buren, [illegible] of [illegible] Van Buren [illegible] the [illegible] with regard to the [illegible] the Cass [illegible] while in the Chief Magistracy.

I take the [illegible] which would thus induce my opposition to Gen Taylor, to the Cass election [illegible]. Upon one of [illegible] at Gen Cass election, although I [illegible] propose a [illegible] that [illegible] Gen Cass election [illegible] [illegible]. Who would [illegible] the [illegible] that in the [illegible] a [illegible] [illegible] [illegible] [illegible].

The antagonistical principles of human freedom, and of slavery, are to become the great issue [illegible] the next national election, [illegible] on the [illegible] in respect to the free States where slavery already has a constitutional existence—[illegible] the blind zeal of a Union [illegible] would throw this light to the but it is to be in respect to territory newly acquired and created to become independent States of our republican confederacy.

In this conflict, and through the perspective the present free States are soon conveying to a miserable side of freedom, and the present slave States are as distinctly soon converging to union on the side of slavery.

Pelatonic waters, freedom of every name and party are there be warned to secure in the political of each of the two sides, of whom one is to be the next President,—it is with care great issue. I have [illegible] myself with care and with candor, and the result in my mind is beyond [illegible] of doubt that while General Taylor occupies precisely the ground that both is to be deemed the most [illegible] of the [illegible] Cass occupies, and is pledged to Southern interests to maintain as President exactly the opposite ground.

When proofs of these opposing points are of the two candidates named are so authentic as to render it [illegible] them in detail I will refer to one in respect to each candidate and leave the inquiry to be pursued by others if needful—first premising the ground maintained by the advocates of Gen Cass in quoting Mr Van Buren's late publication he says:

"In the laws for the regulation of the territories which now constitute the States of Ohio, Indiana, Michigan, Illinois, Wisconsin and Iowa slavery was expressly prohibited. The law for the organization of the territories of Mississippi, Orleans, Arkansas, Alabama and Florida, contained enactments fully equivalent in regard to the extent of power in Congress over the subject of slavery in the territories to the express exercise of it in the other cases.—These acts were approved by Presidents Washington, the elder Adams, Jefferson, Madison, Monroe, Jackson and Myself, all bound by our oaths of office to withhold our respective approvals, from laws which we believed unconstitutional.

Now as for Gen Cass' position and pledge against the principles of freedom thus maintained conjunctively with Congress by Washington, Adams, Jefferson, Madison, Monroe, Jackson and Van Buren. I will quote again Ex President Van Buren, who says,

'The doctrine which the late Baltimore Convention has presented for the sanction of the nation is, in substance, that the laws I have referred to were so many violations of the constitution—that this instrument confers no power on Congress to exclude slavery from the territories, as has been done with the assent of all This doctrine is set forth in the published opinion of the highly respectable nominee of that Convention, who it is well known received that distinction because he avowed that opinion, and who it is equally certain would not have received it if he had not done so. It is proposed to give this doctrine the most solemn sanction known to our political system, by the election of its declared advocate and supporter to the Presidency. If it receives the proposed sanction of the people of the United States, the result cannot be doubtful. The policy in regard to the extension of slavery to the territories of the U States into which it has not yet been introduced, which has existed since the commencement of the government and the consequences of which have been so salutary, must cease, and every act of Congress designed to carry it into effect be defeated by the veto of the executive.'

Gen Cass put himself on record, on this same point, while the treaty with Mexico was under discussion in the Senate of the United States—Then, and there he voted *to strike out of* that treaty the following provision:

'Provided, That there shall be neither slavery nor involuntary servitude in the territories hereby ceded, otherwise than in punishment of crimes, whereof the party shall have been duly convicted.'

With these proofs who doubts his being a western man, with Southern principles?

In the Baltimore Convention that nominated Gen Cass, the man who was allowed to roll himself up into the votes for South Carolina, cast all nine for Gen Cass' nomination. The same Convention nominated a slave holder for Vice President, without any avowal whatever of his principles. The two acts are alike significant of the design.

Now in supporting Gen Taylor, the pledged to follow the policy of the early Presidents, in this and all subjects. On this subject we have seen what a party was uniformly.

He is also pledged not to use the veto power against the legislation of Congress, in respect to questions of domestic policy. Moreover, the Washington Globe the official organ of the Polk and Cass Dynasty thus declares Gen Taylor's position on this subject:—

"He commits it a [illegible] power [illegible] of Congress—[illegible] *and to expose the whole South to the Wilmot Proviso of the rabid abolitionists*—*such is the first [illegible] he says for the nomination and the first [illegible] for the suffrages of the South.*

Other proof might be adduced to dispel every doubt, that Gen Taylor the [illegible] North [illegible] with Northern [illegible] and the exact point at Gen Cass in the great conflict between the [illegible] and slavery in the newly acquired territory and future new States of the ceded [illegible].

Will the Freemen of Maine follow seeing clearly the point [illegible] to them, surrender [illegible] party and to [illegible] in the support of Gen Cass what they know and feel to be [illegible] for the country and to freedom, in the support of Gen Taylor?

Americans, [illegible] party [illegible] sentiments—[illegible] *but let Freedom [illegible]*, [illegible] the city, and the watch word, be [illegible] ready [illegible] of the People of Maine.

The attempt of the Baltimore [illegible] the pilot of the [illegible] in the [illegible] of the [illegible] back [illegible] party [illegible] [illegible] [illegible] of [illegible] absolved from allegiance to the mandate. The nomination of Cass was more [illegible] of Maine, nor of New England, his election will be in spite of them. Northern [illegible] [illegible] of him, unless it be New Hampshire.

And New Hampshire [illegible] a candidate [illegible] [illegible] [illegible] the [illegible] [illegible] [illegible] testimony [illegible] of the hope [illegible] New Hampshire will yet abandon the support of Gen Cass.

Gentlemen—the people of Maine [illegible] [illegible] [illegible] [illegible] when they [illegible] [illegible] party, [illegible] the people of Maine [illegible] the gains and [illegible] [illegible] [illegible] as Ex-President Van Buren [illegible] [illegible] [illegible] [illegible] Henry [illegible] rather than [illegible] [illegible] the place of [illegible] Gen Cass [illegible] success by [illegible] to the [illegible] slavery [illegible] [illegible] Who would [illegible] [illegible] [illegible] [illegible] demo[illegible] [illegible] [illegible] [illegible] party [illegible] *the spirit of Taylor* [illegible] United States [illegible] [illegible] people have the protection, [illegible] *the people [illegible] mind, I will obey, where they dare I will go—as they will I shall [illegible]*

Mr Seth W Fowle—

Sir—Having been afflicted for more than thirty years with Asthma, at times so severely as to incapacitate me from attendance to business and having adopted many medicines without any but temporary relief I purchased about three years since of Mr Edward Mason, your agent in this city several bottles of Wistar's Balsam of Wild Cherry from the effects of which I obtained more relief than from all the medicines I had ever taken for that distressing disorder. I have by the repeated use of your valuable Balsam been more free of pressure for breath and oppression on the lungs than I had hitherto, and indeed conceive myself cured of that most disheartening malady.

I do most cheerfully tender you this acknowledgment which you will use as your judgment dictates.

I have recommended it in many cases, and have heard much satisfaction expressed with its use. It is light, keeps its place very well, gives the support required, and is not so expensive as to prevent its use by those whose means are small, and who so frequently suffer from Prolapsus. I give to it with great pleasure my recommendation.

DYSENTERY CORDIAL,
—AN—
Immediate & Perfect Cure
—FOR—
CHOLERA MORBUS, DYSENTERY, DIARRHŒA, SUMMER COMPLAINTS OF CHILDREN, SEA SICKNESS, &c.
—AND ALL BOWEL COMPLAINTS—

WHERE the all powerful energies of Cholera, Dysentery and Summer Diarrhœa are not too far reduced or rendered incurable by time, or neglect or improper treatment, there is no remedy ever discovered, that will more speedily give relief, or more surely cure, than the use of a very few doses of this invaluable preparation.

It has been before the public for more than three years, and while the best cures have been known to the public as immediate and perfect remedy for these complaints. It has been thoroughly tested in every country, and every climate, and its effects have every where proved the same. IT RETO CURE, even where the disease has advanced to the last stage. The public may be assured that every care and attention in manufacturing, or preparing that it is the best preparation for the cure ever offered.

Cholera and Common Cholera Morbus.

This Cordial immediately checks the vomiting relieves the pain, stops the looseness and restores the bowels to a perfect regular and healthy state. In cases of severe or attack it does not operate on the bowels, however low the patient may have become, but entirely restores.

Severest cases of Dysentery,

after many lovely counties tried, the proprietor feels all the confidence in recommending this Cordial, that he does in the case of Cholera, and can safely say that in the short space of time it has been before the public, it has never failed in a single instance to cure the worst case of Dysentery that was given to it.

Cholera Infantum.

It has saved the lives of many thousand children when all other remedies by this complaint, so prevalent among children in the months of July, August and September, had failed, and they very soon required it.

Sea Sickness.

It is a most pleasant and agreeable remedy for Sea Sickness. Ladies with the vomiting spell readily relieves the patient. It invariably checks vomiting, and does it more sure and speedily than any other remedy.

Children that are Teething,

and subject to Diarrhœa, should always be provided with this medicine, as it will keep the bowels regulated and keep all the Summer Complaints off, and will have it well put to, before it shall.

For General Debility and Dyspepsia,

It is a most excellent restorative, giving a healthy tone to both the stomach and bowels, and prevents food from pressing on the stomach.

CAUTION.

Beware of those impostors which are daily advertising to be prepared to cure the same complaints, and with the CHOLERA MORBUS DYSENTERY AND DIARRHŒA CORDIAL which have impudently been counterfeited. Also, they have gone so far as to counterfeit prefatory addresses. Druggists dare not, for the purpose of obtaining their worthless articles at the expense and reputation of this original and most popular and cure that ever came before the public.

Be sure that you obtain MRS. E. KIDDER'S Cholera Morbus, Dysentery and Diarrhœa Cordial, and you will get the only true and original article, which has ever been in the highest estimation by the public throughout the whole country.

Every put up in bottles bearing a pink wrapper, in which is pasted a steel engraving of the Inventor, and her name blown in the glass. Price only 25 cents per bottle.

Sold by
MRS. E. KIDDER,
No. 100 COURT STREET, BOSTON,

DR. WARREN'S
Sarsaparilla Tomato and Wild Cherry
PHYSICAL BITTERS,
At 50 Cents per Bottle!

SARSAPARILLA, Tomato and Wild Cherry Bitters have become so universally popular, as to place them at the head of all medicines of the kind, and are now used by thousands, and recommended by all who have ever used them. The great variety of diseases for which they are recommended, such as Scrofula, Liver Complaint, Dyspepsia, Piles, Rheumatism, Coughs and Colds, Consumption, Canker and Ringworm, Scurvy, Salt Rheum, Pimples in the Face, Blotches, Eruptions, Boils, Blotches, Erysipelas, Scald Head, Ringworm, Tetter, Chronic Catarrh, Languor, Debility, Female Complaints, Fever and Ague, Bilious Complaints, and all other diseases which arise from the disordered state of the stomach or bowels, or from impurities in the blood, no matter how acquired.

The extract here presented for purifying the blood is prepared after directions given by the celebrated Dr. Warren, whose name it bears, and will be found to surpass in its preparation all the kind now in use. It is highly concentrated, from fresh vegetables, and very nearly approaches the taste, virtue and smell of the plants from which it is made. It purifies the blood, and produces a healthy condition and vigorous action of the system, and thereby expels disease from the system speedily and permanently.

As a Spring Medicine for purifying the blood, strengthening the stomach and bowels—and checking all convulsive motions—this Sarsaparilla, Tomato and Wild Cherry Bitters are entirely unrivalled.

DR. CUMMINGS'S

Compound Extract, of Sarsaparilla and Dock.

THE articles above named are the principal ingredients of this medicine. With these, others of vegetable origin are combined, designed to render them more active, and consequently more immediately effective.

The Dock, or rather a species of it, now ranks as a medicinal plant, second to none of the vegetable kingdom. With the aid of the unguished chemist, whose the proprietor has consulted in the preparation of the compound, he has succeeded in overcoming the difficulty of preserving the extract of the root for any considerable length of time.

For many years the proprietor has tested in his practice the efficacy of the principal substances of the compound, and is perfectly satisfied that they possess all the properties which have been ascribed to them. Recently he conceived the idea of uniting them, which has resulted in the production of the compound. In this the ingredients are found to act in harmony, and to lose none of the qualities which they separately possess.

A larger portion of Sarsaparilla is soluble than has generally been supposed. The extract most to be relied on, and least liable to decomposition, is procured by subjecting the root to the action of the menstrua usually employed in extracting its virtues, for a long time, without heat or any other accelerating agent. None is permitted to be used in the compound, that has not been obtained by this process as that has been less than a year in preparation.

The Compound is recommended for Scrofula, Erysipelas, Ulcerous affections, Eruptions, and Mercurial diseases. Also for the numerous maladies arising from sedentary employments, occupations of a harassing and fatiguing nature, intense application, exposure to extremes of heat and cold, overtaxing the physical powers and other abuses of the constitution; among which are Neuralgia, Piles, Affection of the Liver, Bilious Complaints, and Dyspepsia or indigestion.

In diseases of warm climates with which the proprietor became familiar in his practice in Havana, some years since, the compound will prove particularly efficacious, both as a remedy and a preventative.

This medicine has been for some time in use in this city, where the proprietor has passed nearly half a century of his professional life. It was extensively prescribed by him, while in practice, and it is believed to be in favor with his medical brethren in general, to whom he is known.

Prepared only by Dr. Stephen Cummings, and sold at wholesale and retail by Joshua Barwis & Co. No. 143 Middle street, and John and Mason, No 153 Middle street—only agents for Portland.

Sold in Bangor by G. W. LADD and JOSEPH S INGRAHAM.

M'Alister's ALL-HEALING Ointment,

FOR THE CURE OF Colds, coughs, consumptions, for scrofula, scurvy, and all cutaneous eruptions; for bruises, burns, ulcers, sores of all kinds, and general local debility.

This celebrated Ointment has almost striking effect upon the blood, in cleansing it from all impurities, upon the synovial fluid, which lubricates the joints and thus removes at once soreness & pain upon the lymphatic ganglia or glands, promoting the free and healthy secretion of the lymphatic fluid, and thus removes swelling of the glands about the neck, the groins, the axills or under the arm about the ear, and all other parts of the body.

This All Healing Ointment is equally efficacious in promoting the secretions of the kidneys, relieving from retention of urine; and by restoring the tone and function of the urinary organs, thus preventing incontinence of urine. It is equally efficacious in acting upon the nervous system by curing neuralgia, St. Vitus's dance, palsy, pains in the joints, numbness or want of feeling or power of motion from some local or general affection of the nervous tissue. It acts with great power on all the fluids and solids of the body, and attacks disease in whatever part located, whether on the surface or internal organs.

We speak the things which we know of the astounding efficacy of this justly celebrated, invaluable and worthily named "ALL-HEALING OINTMENT." The innumerable pains that have been assuaged, the ten thousand sufferers relieved and cured, and the more than ten thousand hearts which have been comforted and cheered by its salubrious efficacy, testifying to the truth of all, and more than all, herein asserted.

The Great Remedy for Gonorrhœa

CALLED, Stricture, and all analagous complaints, is **DR. DOUGLASS'S ARABIAN PASTE.** Dr Douglass is well known, having practiced in the principal cities in the Union, during the last 30 years. His only reason for introducing the Paste in this public manner, is the consciousness that there are thousands of all treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks.

Dr D must solemnly affirm that during his practice of Forty years, this Paste has never, in one single instance, failed of effecting a cure in a few days, without any change of diet or hindrance from business. He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years but after taking the Paste for a few days the angry symptoms disappeared and the patients were discharged, entirely cured!

If the unfortunate, instead of drugging the inserides with quack nostrums, would purchase only one box of the Arabian Paste, we should not see so many emancipated bodies and sallow countenances as we do at the present time.

If in one box this Paste should fail to effect a cure in the shortest possible time, ten times the price paid first will be given the purchaser on returning the empty boxes.

For sale only by the original inventor and sole proprietor, Dr PETER G DOUGLASS, at his Office, No 50 Union street, Boston, at $5 per box; where he can be confidently consulted on every disease incident to the human frame, and the patient rely upon the most beneficial course of treatment that can possibly be adopted.

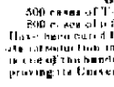
Important to Owners of Horses!

Dillow's Celebrated

HEAVE CURE!!



Which has been used with such astonishing effect in England and England for the last twenty years, is now and has been for the last two years performing the most wonderful cures ever witnessed in this country. More than

200 Cases of Heaves,
2500 cases of Chronic Coughs and Colds;
1000 cases of Catarrh and Nasal Gleet;
1000 cases of Affection of Bronchial Tubes and Glands;
500 cases of Tumors and Broken Wind; and
800 cases of Inflammation of the Lungs.

Have been cured by this extraordinary remedy, since the introduction to the United States. The following are but a few of the hundreds of certificates in our possession, proving its Universal efficacy.

New Scotland, Albany Co., N. Y.,
February 7th, 1848.

Messrs. Ford & Grant: Gentlemen—I herewith transmit to you, my certificate, for the benefit of those who may have horses similarly afflicted.

I, hereby certify, that one of my best horses in the winter of 1846-7, became smitten with the heaves to the most aggravated order—which I supposed to be the worst complaint a horse was liable to, and during which time I used the most of the celebrated popularity for him. Having heard of the unparalleled popularity of Dillow's Heave Cure, I purchased three pounds of it, gave it to him, and it entirely removed the disease. From that time to the present he has been in a perfectly sound condition.

JAMES M. WILLIAMS.

UNIVERSAL CONDITION MEDICINE.

Read the testimony of an eminent Boston Farrier.

Boston, January 9th 1848.

Messrs. Ford & Grant: Gentlemen—At the request of your Agents here, I send you my opinion of your celebrated Dillow's Heave Cure. Being familiar with *Gloss Medicines,* as well as a sure cure for the Heaves and all diseases arising from an affection of the bronchial tubes, throat and submaxillary glands and the lungs, and also from an general and affection proper to be removed it to be the best medicine extant, for cases of Fancy, Starlers, Chest Founder, Dropsy of the chest and throat, Heavy Coat, Rough Coat, Hide Bound inflamation of the Kidneys and Bowels. Equine cure it to be a vegetable compound which operates like on the animal system in the same manner that Yellow Dock and Sarsaparilla operates upon the human system. I would call the attention of the horse owning public, to the fact that nine-tenths of the above Diseases are contracted through neglect during the Winter Season, or time of changing the hair, which is the two places during the most inclement seasons in the whole year, at which time, if the horse is exposed and neglected, the pores of the skin close up and the circulation of the fluids ceases, effects in that condition disease in some form, most cause. It is at the time that I consider your *Invaluable Powder* indispensable, as it operates upon the pores and Fluids of the Skin, and causes the old hair to fall off in due time, makes way for the new and imparts to it a fine and glossy appearance.

THOMAS JONES, Farrier.
No. 10 Ann street.

CAUTION—The astonishing success of Dillow's Heave Cure for the last two years, in the United States, has induced several persons to imitate and counterfeit it, and they seven go so far as to caution the public against it, and endeavor thereby to palm off their nostrums as the only genuine article. We declare that *"Dillow's Heave Cure"* is the first article of the kind ever introduced in the United States, and we hereby offer the sum of *One Thousand Dollars* to any person, or persons who will prove to the contrary. Consequently, all others must be imitation.

It has performed within the past two years, more than 35,000 cures of every curse of cancers; at least 20,000 of them were considered incurable.

More than 3000 cases of Chronic Rheumatism,
2000 cases of Dyspepsia,
4000 cases of General Debility and Want of Energy,
7000 cases of the different Female Complaints,
2000 cases of Scrofula,
1500 cases of the Liver Complaint,
2500 cases of Diseases of the Kidneys and Dropsy,
8000 cases of Consumption,

and thousands of cases of diseases of the blood, viz:—Ulcers, erysipelas, salt rheum, pimples on the face, &c., &c., together with many more cases of such headache, pain in the side and chest, spitting of blood, &c. &c.

This, we are aware, sounds incredible, but we have letters from physicians and our agents for all parts of the Union, informing us of astounding cures. R. Van Buskirk, Esq., one of the most respectable druggists in Newark, N. J., informs us that he can refer to more than 150 cures in that place within the past year. Indeed, in the County of New York which we will refer to with confidence, and to men of character. It is the best medicine for the prevention of disease known. It undoubtedly saved the lives of more than

5,000 CHILDREN DURING THE PAST SEASON,

as it removed the cause of disease, and prepared them for the summer season. It has never been known to injure in the least the most delicate child.

RHEUMATISM

This Sarsaparilla is used with the most perfect success in Rheumatism in its worst forms, whether acute or chronic. The astonishing cures it has performed are indeed wonderful. In her remedies administered gave temporary relief; the pain would return to the system, even when the limbs had been already readily swollen.

☞ Hear Mr Seth Barry, one of the oldest and most respectable lawyers in Fairfield County. The following is an extract of a letter received from him:

Dr Townsend—I am now using your Sarsaparilla, and am happy to say it is producing a more obvious change than any medicine I have ever taken for my complaint, which is Rheumatism. Having heard of the unparalleled popularity of Dillow's Heave Cure, I purchased three pounds of it, gave it to him, and it entirely removed the disease. From that time to the present he has been in a perfectly sound condition.

UNIVERSAL CONDITION MEDICINE.

Read the testimony of an eminent Boston Farrier.

Boston, January 9th 1848.

Messrs. Ford & Grant: Gentlemen—At the request of your Agents here, I send you my opinion of your celebrated Dillow's Heave Cure. Being familiar with *Gloss Medicines,* as well as a sure cure for the Heaves and all diseases arising from an affection of the bronchial tubes, throat and submaxillary glands and the lungs, and also from an general and affection proper to be removed it to be the best medicine extant, for cases of Fancy, Starlers, Chest Founder, Dropsy of the chest and throat, Heavy Coat, Rough Coat, Hide Bound inflamation of the Kidneys and Bowels. Equine cure it to be a vegetable compound which operates like on the animal system in the same manner that Yellow Dock and Sarsaparilla operates upon the human system. I would call the attention of the horse owning public, to the fact that nine-tenths of the above Diseases are contracted through neglect during the Winter Season, or time of changing the hair, which is the two places during the most inclement seasons in the whole year, at which time, if the horse is exposed and neglected, the pores of the skin close up and the circulation of the fluids ceases, effects in that condition disease in some form, most cause. It is at the time that I consider your *Invaluable Powder* indispensable, as it operates upon the pores and Fluids of the Skin, and causes the old hair to fall off in due time, makes way for the new and imparts to it a fine and glossy appearance.

THOMAS JONES, Farrier.

CAUTION—The astonishing success of Dillow's Heave Cure for the last two years, in the United States, has induced several persons to imitate and counterfeit it, and they seven go so far as to caution the public against it, and endeavor thereby to palm off their nostrums as the only genuine article. We declare that *"Dillow's Heave Cure"* is the first article of the kind ever introduced in the United States, and we hereby offer the sum of *One Thousand Dollars* to any person, or persons who will prove to the contrary. Consequently, all others must be imitation.

Certificate from Col Tate, editor of the Columbia Democrat, Pa.

OFFICE OF THE COLUMBIA DEMOCRAT,
Bloomsburg, Columbia Co. Pa.,
March 4, 1848

Dr William Wright—Dear Sir—I am one of the many whose aversion to quack nostrums has deprived them of the benefits resulting from the use of good medicines. Acting under this influence, I have seldom resorted to the Pill box. Last March, when you commenced advertising in my paper, I was induced to give your Indian Vegetable Pills a trial, and after having fairly tested their merits for myself and family, gave them a decided preference over every other preparation.

In every instance, when afflicted with sick head ache, or when the stream of life was encumbered with morbid humors, I found speedy relief from the use of your Pills. By taking from four to six on going to bed, when indisposed, I have always been restored to health, without loss of time, and without the expense of a physician. Wright's Indian Vegetable Pills possess the distinguished merit of operating effectually, without disturbing the rest of the patient, and in any case, without producing even sickness at the stomach.

Respectfully, your friend, &c.,
LEVI L. TATE.

From the Delaware Express, Delhi, N. Y.

WRIGHT'S INDIAN VEGETABLE PILLS.—Although not particularly friendly to patent medicines we must confess that we have become a convert to these pills, having had an opportunity on one or two occasions to test their efficacy. For a gentle purge one or two will be found sufficient, though effective. Where bile or other impurities have accumulated, and more than one medicine is required, a dose of three or four of these pills, taken on going to bed, will be found effectual in cleansing the stomach and restoring the bowels to a healthy state. We speak from experience, and take pleasure in commending the pills to the public.

Look out for Counterfeits!

Some are coated with sugar, others are made of a reddish, or tar appearance, the original article. The best course is to purchase from the agents only the one name to whom will be found in every town and county, in the State.

The following agencies have been established for the sale of Wright's Indian Vegetable Pills:

DR. UPHAM'S

Vegetable Internal Remedy FOR THE PILES!

A Cure for Life Secured.

For the cure of Piles, Inflamation of the Liver and Spleen, Inflamation, Soreness and Ulceration of the Stomach, Bowels, Kidneys and Bladder; Inflammatory and Mercurial Rheumatism; Impurity of Blood; Weakness and Inflamation of the Spine; and for the relief of Married Ladies.

THE VEGETABLE PILE ELECTUARY, invented by Dr. A. Upham, a distinguished Physician of New York city, is the only really successful remedy for that dangerous and distressing complaint, the Piles, ever offered to the American people.

Mark this: it is an INTERNAL REMEDY—not an external application and will cure any case of Piles, either bleeding or blind, internal or external, and probably the only thing that will. There is no mistake about it. It is a positive cure—speedy and permanent. It is also a convenient medicine to take, and improves the general health in a remarkable manner.

Each box contains twelve doses, and is sold for one dollar. It is very mild in its operation, and may be taken in cases of the most acute inflamation without danger.—All external applications are in the highest degree disagreeable, inconvenient and, oftimes, painful. This very nature of the disease, from urary in their effects. This Medicine attacks the disease at its source, and, DRIVING THE CAUSE, renders the cure CERTAIN and PERMANENT.

INFLAMATORY DISEASES.

Although the ELECTUARY was originally prepared for the cure of Piles, yet it has proved itself a medicine far superior to all others, in all diseases of an inflamatory character, with a determination of blood to any particular part, or organ. In inflamation and congestion of the Liver, and Spleen, Inflamation of Soreness and Ulceration of the Stomach, Bowels, Kidneys and Bladder; in inflammatory and mercurial Rheumatism, it is the *Best Medicine ever discovered.*

IMPURITIES OF THE BLOOD.

For all impurities of the Blood, arising from the imprudent use of Mercury, or other causes; for a leprous of the Skin, and Scrofulous affections in all cases where the blood is evidently determined to the head, producing dizziness and disease, DR. UPHAM'S ELECTUARY is entirely unrivalled.

TO MARRIED LADIES.

Married Ladies are almost invariably subject to that painful and injurious disease, the PILES, with its consequent inflamation of the stomach, Bowels and Spine, weakness of the back, flow of blood to the head.—The Electuary is perfectly safe for Pregnant Ladies, and the most useful Cathartic that can possibly be used, as it will not only remove the Piles and all inflammatory diseases, WITHOUT PAIN or IRRITATION, but will ensure an easy labor, a safe delivery and a sound constitution in the offspring.

CURE FOR LIFE GUARANTEED.

The Electuary contains NO MINERAL, Calomel, Aloes, Colocynth, Gamboge or other powerful and irritating purgatives. No fear of taking, cold will render its influence, to change in diet unnecessary. It is taken according to the directions. A CURE FOR LIFE IS GUARANTIED.

Pamphlets giving valuable information respecting this Medicine, may be had of Agents, gratis.

D. F. BRADLEE, 130 Washington-st. Boston, General Agent for the New England States.

GREAT SUCCESS IN UPHAM'S

PILE ELECTUARY.

Portland, Me., March 14, 847.

Dr. UPHAM—My dear Sir:—I cannot express to you my success and heartfelt thanks for, he wonder of cure. I have experienced from the use of your valuable Pile Electuary. I have been a perfect martyr to the bleeding Piles for 10 years past, so much so that I became reduced to almost a skeleton, with loss of appetite, and general derangement of the digestive organs. My eyes also became affected, and a fog I was misery to myself. I was obliged to give up my business. I had tried Hosts of medicines, had the best advice the Doctors in Boston and this place could afford, spent much money—and twice submitted to painful operations. I had become perfectly tired of life and at the suggestion of my friends I was induced to try a box of your medicine. The first I found to relieve me slightly, until I persevered, and purchased a second, and I assure you, when I got half through, I found myself getting well; still I kept on, and now I am a well man. My dear Sir I am unguaged cannot express the heartfelt thanks that I entertain for my restored health, and now in addition to support a large family, I spend much time in your service.

You can use this as you please.

Yours respectfully, SAMUEL CHARLTON.
